The present Aeronautical Information Circular contains the information concerning the transition from UAF to UCF of AFTN addresses and includes the lists of new designators of points, flight operating agencies, organizations, enterprises, airlines, their services and authorities in the Kyrgyz Republic.

AIC Effective date 31 MAR 2013.

Submission of messages to AFTN subscribers is carried out in Latin and Russian registers. In case of necessity to submit the text to the subscribers of AFTN network in Russian, the text should be typed in letters of Latin alphabet.

Submission of the messages made in Cyrillic is permitted only to those address indicators, the point designators of which begin (the first symbol-space of the address indicator) with the letter "U".
